

New Age Movement 'Dances With Wolves'

Matthew 24:24 warns us that in the last days false Christs and false prophets will rise and show great signs and wonders to deceive, if possible even the elect. We also are warned that in latter times some will depart

from the faith, giving heed to deceiving spirits and doctrines of demons. The New Age Movement is an excellent example of deception. It is very deceptive in a very subtle way. People involved with the new age movement are dancing with wolves in sheep's clothing. People in government agencies, corporations, schools and even in some churches who would not dream of involving themselves in Satanism are being raped by New Age; and it's illegitimate child will attempt to destroy us politically and religiously. The New Age hodgepodge of ancient occult beliefs that dilute the real truth for the so-called sake of unity. Christ's Lordship and preeminence is denied by New Agers as they place their stamp on a fusion of beliefs from several occult systems that promises self fulfillment and freedom without surrender to Christ. For all the self proclaimed wisdom of the proponents of the New Age, they are prime examples of a people who have turned the omnipotent God of the universe into whatever they wish. People clearly have the right to believe in whatever they choose to believe in, however, I also believe people have the right to know clearly what it is they are choosing to put their trust in.
